

How to Use the Onboarding Form

A quick guide for new members — what to expect, and how to manage your emails.

1 Fill Out the Form (One Time)

When you join Team Excellence, you'll be sent a short onboarding form to fill in. It only takes a minute:

- **Full Name** — so we know who to address in your emails.
- **Email** — this is where your onboarding messages will be sent.
- **Phone Number** — for your Team Lead to reach you if needed.

That's it — submitting the form kicks off your onboarding journey automatically.

2 What Happens After You Submit

You'll receive a short series of onboarding emails over your first couple of weeks, spaced out so it's easy to absorb — not all at once. A typical schedule looks like this:

When	What You'll Receive
Immediately	Welcome message + a moment to reflect on your 'why'
Day 3	Our Core Values
Day 6	Standards We Live By
Day 9	What It Takes to Win

Each email is short, self-contained, and sometimes includes a link to a short video or resource for extra context.

3 If You Want to Stop the Emails

Every onboarding email has an "**Unsubscribe here**" link at the very bottom. If you click it:

- It opens a small one-field form with your details already filled in.
- Click **Submit** — that's the entire process, no login needed.
- You'll immediately stop receiving any further onboarding emails.

4 If You Want to Restart or Resubscribe

Changed your mind, or want to go through the onboarding sequence again from the beginning? Just fill out the **original onboarding form again** using the same or a different email address.

- Submitting the form again creates a fresh onboarding record for you.
- Your welcome email will arrive right away, and the full schedule (Core Values, Standards, What It Takes to Win...) will restart from Day 0.
- If you'd previously unsubscribed, resubmitting the form does **not** automatically reverse that on its old record — but your new submission is treated as a fresh start, so you'll receive emails again going forward.

Note: there's no limit on how many times you can fill out the form — reuse it anytime you'd like a refresher.

Questions? Reach out to your Team Lead directly, or ask in the Team Excellence group chat. This onboarding series is just the starting point — the real support comes from your team.
